Re: Freedom of Information Act Request
 Atlanta Westside Lead Site

To Whom it May Concern,

Pursuant to the Freedom of Information Act, 5 U.S.C. § 552, I request copies of all documents, including electronic documents, in the possession of the U.S. Environmental Protection Agency or its agents or contractors (collectively "USEPA"), relating to materials related to the **Atlanta Westside Lead Site**, except as are already available at cumulis.epa.gov.

The request includes, but is in no way limited to, information relating to any of the following, including information in draft or other non-final form:

- All reports, correspondence, summaries, notes, and memoranda showing or describing:
 - The conditions encountered,
 - The work performed,
 - The contamination identified, or its potential causes.

- All reports, correspondence, summaries, notes, and memoranda regarding:
 - EPA's response plan, including efforts to pursue NPL listing or enforcement.

This request includes (but not limited to) information contained in contractor logs or progress reports.

Please conduct a comprehensive and thorough search of records and make available all responsive documents. If you determine that any records or portions of records responsive to this request are exempt from disclosure, please provide an itemized list of withheld information and identify the basis for nondisclosure for each item withheld. If you deem portions of documents exempt from disclosure, please release any reasonably-segregable portions of such documents that you deem non-exempt. If you withhold any information, please provide information about how to file an administrative appeal.

To expedite this request, you may charge Genesis Project duplication expenses in an amount not to exceed \$500. If you expect fees to exceed this amount, please let us know in a timely manner. You may send documents to me electronically at mmitchell@genproject.com. If you expect delay in producing responsive documents, please contact us to discuss scheduling the response.

Thank you for your assistance with this matter. Although a written reply is requested, please feel free to contact me at (770) 319-7217 should you have any questions about this matter.

Sincerely,

Genesis Project, Inc.

Mark D. Mitchell, PG
Principal
